

Why AutoDock?

- There are many molecular docking

- Why AutoDock?
 - Free
 - Works on multiple platforms
 - Fast
 - Very popular
 - >1,400 citations to “Automated docking of flexible ligands: applications of AutoDock”
 - >10,000 citations to “AutoDock Vina: improving the speed and accuracy of docking with a new scoring function, efficient optimization, and multithreading”
 - Available on XSEDE Bridges
 - AutoDock Tools GUI
